Discussion

Chairperson Vurraro provided a draft sign permit based on the discussion at the October 3rd meeting.

Discussion of existing nonconforming signs resulted in the decision to not “grandfather” in these existing signs. Anna Marie discussed possible grants for businesses to amend/change current nonconforming signs.

Discussion of internally lit signs resulted in no more internally lit signs. Existing signs would be “grandfathered” aside from those in the historic district.

Discussion of nonconforming signs resulted in the following wording: All signs that are nonconforming as of the date of the enactment of this chapter by reason of size, height, location, internal illumination or changeable lettering must be removed or brought into compliance at such time as the sign is replaced, the property changes ownership, the property changes use, or a new permit is required under the provisions of this code.

Discussion of approval procedures resulted in the decision that sign permit applications are submitted to the Planning Board. Any denials would be forwarded to the Zoning Board of Appeals for review.
Kate and Rene’ will research signs on churches and not for profit buildings regarding regulating those signs.

Rene’ is going to use information from various sources to create a working draft.
