Reports

Chairperson Vurraro
Since our last meeting, we talked in the office about reformatting the Zoning Law and how we may go about doing that. Felipe’ from the County said he can help us with that. We may be able to give our draft to someone who can help us to make it come out more like we envision it with the pictures and drawings to make it more user friendly like we had in mind.

Chairperson Vurraro and Kate Milliman have done quite a bit of research to find some current zoning laws that model what we are looking for in content, format, and language. The board spent time reviewing them, pulling out things that may be something we would like to use and some things that we wanted to avoid using as well.

We looked specifically at sign regulations and sign permits tonight. We currently use the Building Permit application as a means for our CEO/ZEO to review the request. We would like to create a separate Sign Permit for that specific purpose instead. We looked at sign specific permits from other municipalities. Rene’ will draft one with the ideas we gleaned from the examples. In the meantime, send Rene’ ideas and wording that you like and we can work together to get it put together.
Privilege of the Floor

Anna Marie suggested that maybe we would like to keep a consistent format between our law and any associated forms. She also feels that maybe our current form does not provide all the appropriate information for the CEO/ZEO to make decisions without further inquiry of the applicant. Anna wanted to caution the Board to be careful not to overwhelm themselves. Since it will be an extensive project to rewrite the entire Zoning Law, maybe we start with the Signs portion of it, working through it to experience how the process works and then have it passed as an individual local law for time’s sake and then work through the remaining parts of the Zoning Law.
